

**Using the PDWS:
A Conversation with ERAS**
Tuesday, February 28, 2017 ~ 1:00-2:00 p.m. Eastern

As the 2017 recruitment season comes to a close, and Match Day approaches, let's take a moment to reflect on your experience with the application process in ERAS, (the Electronic Residency Application System). What did you find easy to use? What parts did you struggle to use, understand or complete? What would have made the process easier for you? Experts from AAMC/ERAS will be online to answer your questions and gather your feedback. Join us for this interactive webinar full of great information to set you up for success next year.

So that the content of the presentation reflects your needs, we are soliciting your questions and comments ahead of time. Please email those to Sandi Parsons at sandi@ahme.org by Friday, January 27, 2017. If time allows, additional questions will be answered when the session concludes.

Speakers:

Patrick Fritz joined the Association of American Medical Colleges as the Director of ERAS Medical School, Applicant and Business Partner Relations in October 2015. In this role Patrick provides overall leadership and direction as it pertains to medical schools, Designated Deans Offices, applicants and ERAS business partners.

Gary Lee worked as a Senior ERAS Helpdesk Specialist before joining the ERAS Program's Team. Working on the Helpdesk allowed Gary to become familiar with the legacy Program Director's Workstation (PDWS) and the transition process to the Web Based version. Gary currently focuses on collaborating with residency program directors and coordinators to resolve PDWS issues and identify future enhancements for the PDWS.

Moderator:

Sharon Sullivan is the Director of Operations and Project Manager at the University at Buffalo. Ms. Sullivan is Chair of AHME's Council of Program Administrators and Coordinators.
